President's Report

Welcome Fellow Members,

The 2020/2021 season has come & gone, and we have survived. The past 12 months have been incredibly difficult to adjust to the COVID restrictions, but I can confidently say your club has achieved a record result financially, a great result considering we had so many obstacles and hurdles to overcome.

I would like to thank Nigel & his partner, Rebecca, for all their hard work during the crazy & tough times, I would also like to thank the club staff for all their efforts this year & a big thanks to the Board of Directors for their efforts, some tough decisions had to be made this year with the board working as a team I believe we have navigated our way through the tough times.

You will notice the club has embarked on a journey to extend the clubhouse, this extension is long overdue, it will double our floor space and enhance our major drawcard, which is our view, I believe this will set our club up for the future and enhance its longevity, I look forward to seeing the finished product and seeing you all there enjoying your clubs' facilities.

The club has strong cash flow and an excellent profit ($201K) for the year, well done to everyone involved.
On the fishing side, unfortunately with the restriction in place we could not hold our Garmin Billfish Shootout, but we did team up with D'Albora to hold the Garmin-D'Albora Classic, which was strongly supported, we are however working extremely hard to get the 2022 Garmin Billfish tournament ready.

The NSWGFA Interclub was also affected by the restriction and implemented a new format of all ports, this decision proved to be a controversial decision and a talking point by many members.

Fishing

The Garmin-D'Albora Classic
This year we had 97 boats, unfortunately, we had no option but to change the format to a cash jackpot style event, surprisingly it attracted over 95 boats and 500 angler's congratulations to all the winners.
I would also like to thank all the sponsors for their support as well as our members who fished our tournament, without all your support our tournament would not be such a success.
I look forward to seeing you all next year at the 2022 Garmin Shootout.

2021 Interclub

Congratulations to all club boats who competed in the tournament we had a strong representation of boats entered, which is great to see. Unfortunately, the format was not popular for some, but in the current environment, it was good that the event went ahead.

SECRETARY MANAGERS REPORT

Hi Members,

It is with great pleasure I report the trading results of the past 12 months.

As we all are aware the past 12 months have been certainly challenging, with several restrictions, trading restrictions and now we are back into lockdowns.

I am happy to announce that the club has powered through all these challenges and met them head-on and come out the other end the strongest it has ever been financially.

The whole country has felt the effects of this pandemic no more so than the hospitality industry, but with strong leadership, your club has produced a record result and a strong cash position.

As Troy has mentioned, we embark on a new chapter for the club, extending our floor space by 50%, moving the gaming into alfresco gaming, installing a lift, and upgrading our bar and bistro, most of you would be aware this is long overdue, and will now help with increased seating and exposing one of our many assets the view to more people who visit our club. The future looks very bright for your club, and I look forward to the extension being complete sometime in December. Of course, there will be some major disruptions during the build, I ask members to be patient because the finished product will be well worth it.

Your board and club management have again produced an extraordinarily strong balance sheet, a balance sheet all members should be proud of.

I am pleased to reveal that your club has come out to the other end with an excellent profit of $201,854.09 after depreciation and amortization of $158,964.00. A strong cash flow report of $675,994.00 on hand which is a $320,484.00 increase in 2019/2020.

During the year we received government subsidies such as job keeper and state grants, but this was to assist us in paying our staff while not trading and to help with our loss of rental income, the club discounted all rent 50% for 3 months and then 30% for another 3 months to assist our tenants during the pandemic, and we continue to support our tenants during the current lockdowns in Sydney, which have had a huge effect on trade.

Another pleasing outcome was fishing membership, our club expected a reduction in membership renewals due to the pandemic and not holding the Garmin Billfish Shootout, but I am happy to say we have held our membership numbers close to the previous year.

SECRETARY MANAGERS REPORT CONTINUED

I can honestly say that last year has been a year like no other, so to achieve such a great result you need to have a group of people who work together as a team and respect each other's opinion. Your board has been phenomenal the past 12 months, they have worked tirelessly for your club during such difficult times, they have had to make some hard decisions, but the decisions made were always for the betterment of the club.

Troy your club president has come into his own the last 18 months, leading from the front, especially through the pandemic and club extension negotiations, his extensive knowledge of construction help guides us through the vigorous tender process and DA application, members should congratulate him on what he has achieved for your club.

For the past 16 years I always thank the board for their efforts, so it is becoming like "rinse repeat", but I honestly cannot speak highly enough of them, I have worked with them through some tough times, we have had some vigorous discussions over the years which of course is expected, passion is needed, and your board has plenty of passion for your club, so if you see them thank them, they do this out of support for your club, not to be remunerated.

To the staff of the club, we also had some difficult struggles and lost a couple of long-term employees, but we have now settled well and are working as a team, I thank you for all your hard work.

Our caterers Steve and Andrea decided that time was up running our bistro, big shoes to fill, the board embarked on a journey to find a suitable replacement, a caterer that will keep the current level of expectation while also introducing something new with new ideas, so I welcome Grant and Bruce to our club as our caterers, they started in December 2020 and have proven to be popular with our regulars and guests, they have introduced some exciting new dishes and specials, of course, we will see this shine once the extension has been completed and we are open without any COVID restrictions.

In closing, I thank all members for their contribution and support over the last 12 months and look forward to another successful year in 2021-2022.

Regards

Nigel

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST MAY 2021

The financial statements cover Newcastle & Port Stephens Game Fish Club Limited as an individual entity, incorporated & domiciled in Australia. Newcastle & Port Stephens Game Fish Club Limited is a company limited by guarantee.

The financial statements were authorised for issue on 26th June 2020 by the directors of the company.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
Basis of preparation

These general-purpose financial statements have been prepared in accordance with Australian Accounting Standards and interpretations of the Australian Accounting Standards Board and the Corporations Act 2001. The company is a not for profit entity for financial reporting purposes under Australian accounting standards.
Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless otherwise stated.

The financial statements, except for the cash flow information, have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

Accounting Policies

a) Property, Plant & Equipment
Each class of property, plant and equipment is carried at cost or fair value less, where applicable, accumulated depreciation and any impairment losses.

Freehold Property
Freehold land and buildings are measured at their fair value based on valuations by external independent valuers.

Plant and Equipment
Plant and equipment are measured on the cost basis and are therefore carried at cost less accumulated depreciation and any accumulated impairment losses. In the event the carrying amount of plant and equipment is greater than the estimated recoverable amount, the carrying amount is written down immediately to the estimated recoverable amount, and impairment losses are recognised either in profit or loss or as a revaluation decrease if the impairment losses relate to a revalued asset.

A formal assessment of recoverable amount is made when impairment indicators are present (refer to Note 1(j) for details of impairment).

Plant and equipment that have been contributed at no cost or for nominal cost are recognised at the fair value of the asset at the date it is acquired.

Depreciation
The depreciable amount of all fixed assets including buildings and capitalised lease assets, but excluding freehold land, is depreciated on a straight-line basis over the assets useful lives to the company commencing from the time the asset is available for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.
The depreciation rates used for each class of depreciable assets are:

Poker Machines	20%
Plant, Fixtures & Fittings	15% - 30%
Carpets	27%

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are recognised in profit or loss in the period in which they arise. When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained surplus.

a) Inventories
All inventories are valued at the lower of cost and current replacement cost.

b) Income Tax
The company has not provided for income tax, as it is currently exempt from income tax under Division 50 of the Income Tax Assessment Act 1997.

c) Leases
The Company as lessee

At inception of a contract, the Company assesses if the contract contains or is a lease. If there is a lease present, a right-of-use asset and a corresponding lease liability is recognised by the Entity where the Company is a lessee. However, all contracts that are classified as a short-term leases (lease with remaining lease term 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Initially the lease liability is measured at the present value of the lease payments still to be paid at commencement date. The lease payments are discounted at the interest rate implicit in the lease. If this rate cannot be readily determined, the Entity uses the incremental borrowing rate.

Lease payments included in the measurement of the lease liability are as follows:

- fixed lease payments less any lease incentives;
- variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- the amount expected to be payable by the lessee under residual value guarantees;
- the exercise price of purchase options, if the lessee is reasonably certain to exercise the options;
- lease payments under extension options if lessee is reasonably certain to exercise the options; and
- payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease

The right-of-use assets comprise the initial measurement of the corresponding lease liability as mentioned above, any lease payments made at or before the commencement date as well as any initial direct costs. The subsequent measurement of the right-of-use assets is at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated over the lease term or useful life of the underlying asset whichever is the shortest. Where a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the Company anticipates to exercise a purchase option, the specific asset is depreciated over the useful life of the underlying asset.

d) Employee Provisions

Short – term employee provisions

Provision is made for the company's obligation for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and annual leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

Other long-term employee provisions

Provision is made for employees' long service and annual leave entitlements not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service.

Long service leave entitlements have been calculated for employees with more than 5 years' service. They have been calculated at the (undiscounted) amount expected to be paid when liability is settled

The company's obligations for long-term employee benefits are presented as non-current employee provisions in its statement of financial position, except where the company does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current employee provisions.

f) Revenue

Revenue from the sale of goods is recognised upon the delivery of goods to customers.
Revenue from the rendering of services is recognised upon the delivery of the service to the Customers.
Interest revenue is recognised as it is received.
All revenue is stated net of the amount of goods and services tax (GST).

g) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to the ATO is included with other receivables or payables in the statement of financial position.

Cash flows are presented in the cash flow statement on a net basis.

h) Cash and cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at-call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

i) Comparative Figures

Where required by Accounting Standards, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

j) Impairment of Assets

At the end of each reporting period, the company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs of disposal and value in use, is compared to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised in profit or loss.

Where the assets are not held primarily for their ability to generate net cash inflows – that is, they are specialised assets held for continuing use of their service capacity – the recoverable amounts are expected to be materially the same as fair value.

Where it is not possible to estimate the recoverable amount of an individual asset, the entity estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Where an impairment loss on a revalued individual asset is identified, this is recognised against the revaluation surplus in respect of the same class of asset to the extent that the impairment loss does not exceed the amount in the revaluation surplus for that class of asset.

k.) Accounts Receivable & Other Debtors

Accounts receivable and other debtors include amounts due from members as well as rent receivable from tenants. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Accounts receivable are recognised at fair value.

l.) Accounts Payable & Other Payables

Accounts payable and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the company during the reporting period which remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

m.) Provisions

Provisions are recognised when the entity has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions recognised represent the best estimate of the amounts required to settle the obligation at the end of the reporting period.

n.) Critical Accounting Estimates and Judgments

The directors evaluate estimates and judgments incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained externally and within the company.

o.) Fair Value of Assets & Liabilities

The company measures some of its assets and liabilities at fair value on either a recurring or non-recurring basis, depending on the requirements of the applicable Accounting Standard.

Fair value is the price the Company would receive to sell an asset or would have to pay to transfer a liability in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific assets or liability. The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset or minimises the payments made to transfer the liability, after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

The fair value of liabilities and the entity's own equity instruments (excluding those related to share-based payment arrangements) may be valued, where there is no observable market price in relation to the transfer of such financial instruments, by reference to observable market information where such instruments are held as assets. Where this information is not available, other valuation techniques are adopted and, where significant, are detailed in the respective note to the financial statements.

p) New and Amended Accounting Policies Adopted by the Company Initial adoption of AASB2020-4: COVID Related Rent Concessions

AASB2020-4; Amendments to Australian Accounting Standards – COVID 19 Related Rent Concessions amend AASB 16 by providing a practical expedient that permits lessees to assess whether rent concessions that occur as a direct consequence of the COVID-19 pandemic and, if certain conditions are met, account for those rent concessions as if they were not lease modifications.

Employee provisions represent amounts accrued for annual leave and long service leave.
The current portion for this provision includes the total amount accrued for annual leave entitlements and the amounts accrued for long service leave entitlements that have vested due to employees having completed the required period of service. Based on past experience, the company does not expect the full amount of annual leave or long service balances classified as current liabilities to be settled within the next 12 months. However, these amounts must be classified as current liabilities since the company does not have an unconditional right to defer the settlement of these amounts in the event employees wish to use their leave entitlement.
The non-current portion for this provision includes amounts accrued for long service entitlements that have not yet vested in relation to those employees who have not yet completed the required period of service.

11. FINANCIAL RISK MANAGEMENT

The company's financial instruments consist mainly of deposits with banks, accounts receivable and payable and hire purchase liabilities.

The main risks the company is exposed to through its financial instruments are interest rate risk, liquidity risk and credit risk.

a) Interest Rate Risk

The company enters its investment and borrowings at the interest rate prevailing at the time of the initial transaction. Other than bank overdraft facilities and the Debenture bank account all transactions are entered into at a fixed rate of interest. The company's exposure to interest rate risk and the effective average interest rate for each class of financial asset and liability is set out below.

Net Financial Assets/<Liabilities>	118,807.77	235,912.28	-	<27,189.12>	327,530.93

b) Liquidity Risk

The company manages liquidity risk by monitoring forecast cash flows and ensuring that adequate unutilised borrowing facilities are maintained.

Credit Risk

The maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date to recognised financial assets, is the carrying amount, net of any provisions for impairment of those assets, as disclosed in the balance sheet and notes to the financial statements.

c) Net Fair Values

The aggregate net fair values of financial assets and financial liabilities, both recognised and unrecognised at balance date are at the values as disclosed in the balance sheet and the notes thereto.

d) The directors have considered the further application of the balance of AASB 132 "Presentation and Disclosure of Financial Instruments" and believe the balance of the standard is not applicable to the financial statements as the Company's exposure to interest rate risk is low and the information required to be specified resulting from the application of the standard is not material.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF NEWCASTLE & PORT STEPHENS GAME FISH CLUB LIMITED

Opinion
We have audited the financial report of Newcastle & Port Stephens Game Fish Club Limited, which comprises the statement of financial position as at 31st May 2021, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of Newcastle & Port Stephens Game Fish Club Limited is in accordance with the Corporations Act 2001, including:

Giving a true and fair view of the company's financial position as at 31st May 2021 and of its financial performance for the year ended; and
Complying with Australian Accounting Standards and the Corporations Regulations 2001.

Basis for Opinion
We conduct our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the company in accordance with auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110: Code of Ethics for Professional Accountants (the code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with code.

We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of the company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Information other than the Financial Report and Auditor's Report Thereon

The directors are responsible for the other information. The other information comprises the information included in the company's annual report for the year ended 31st May 2020 but does not include the financial report and our auditor's report thereon. Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon. In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report
The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the company's ability to continue as a going concern disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit finding, including any significant deficiencies in internal control that we identify during our audit.

Champion Boat Capture ‘SICARIO’

Skipper: Andrew FINNEY

The underlying spirit of angling is that the skill of the angler is pitted against the instinct and strength of the fish and the latter is entitled to an even chance for his life.
